Trouble adding ice

The latest news I want to see: the new coronavirus is successfully controlled and no one is infected with all medical staff

Detachment

The beds in Wuhan are tight and medical resources are overloaded. It is hoped that the central government and the whole country can support Wuhan to support Hubei and quickly establish a specialized hospital like Xiaotangshan to accommodate patients for centralized treatment.

Strategic Fudge Bureau of the Joint Staff

The news is still running to Wuhan for such publicity. It doesn't hurt to slap it on your face.

The situation is laughing again

A large amount of information about suspected pneumonia cases that could not be admitted to hospital appeared on Weibo, please check with the relevant departments😡😡

境內的武漢市民系統，這打更起更何處投。希望中央可以支持武漢支持湖北，也還建立一個專門醫院收容病人集中治療。

刘安娜小提琴的大备胎

很多老一辈的是觉得这辈子大风大雨都过来了，不太重视，其实这个时候免疫力较差的是年长者，也不懂怎么说，总之要多做防护吧！还是那句话，勤洗手，戴口罩，禁吃生食！口罩没get到去找非医用的，关键时刻关键对待！
